Mission Description

The Greater Washington Hispanic Chamber of Commerce (GWHCC) supports the economic development of the Greater Washington region by facilitating the success of Latinos and other minority-owned businesses and the communities they serve through networking, advocacy, education and access to capital. Through their GWHCC Foundation, they offer the Small Business Advancement Program.

Programs and Services

The Small Business Advancement Program provides one-on-one counseling by experienced consultants and business owners to help small businesses improve processes, sales, and strategies necessary to propel their businesses forward.

They host regular educational workshops and networking opportunities.

Their GWHCC Women's Group meets quarterly around the DC region, providing a forum for women small business owners.
